Pupils of the Public Schools Present First May Musical Festival Tonight.

Everything is ready for the production of the First May Musical Festival to be given by the pupils of the public schools in the Johnson theatre tonight at 8.30. A rehearsal was held yesterday afternoon after school at the Y. M. C. A. auditorium, to put on the finishing touches and a dress rehearsal is being held this afternoon at the theatre, to accustom the pupils to their new surroundings.

Railroad Folks Royally Entertained

Mrs. Sara Dull of the West Side arrived home last night from Jacksonville, Fla., where she attended the annual convention of the Order of Railroad Men and their wives. Mrs. Dull is a member of the Ladies' Auxiliary to the O. R. M. She also visited St. Augustine and other points of interest in Florida. She reports the convention the best she ever attended and is delighted with the hospitality of the people.

Viewers on the Wilson Tract

Quite an array of local talent accompanied the viewers today over the Wilson tract, on the West side, with a view to fixing the amount of damages sustained by J. B. Hogg, the owner, by the construction of the Connellsville and Rockwood & Bakersville railroads. The viewers were Luke H. Franke, Thomas H. Jones, K. P. Walters, Eugene Hogg, A. L. Kury, E. N. Sherr, and William A. Brown.

Both Men Faced Non-support Charge

Two non-support cases were heard before Justice of the Peace W. P. Clark this morning and both were similar. Martin Miller was charged by his wife, Mary, with not properly supporting her and the four children, the youngest a month old. Joseph Suggs faced a like charge on the part of Nora, his wife.

Police Believe Alleged Dynamiter Is Not Telling the Truth

PITTSBURGH, May 19.—(Special.)—The police here think the man who placed no credit in the tale of James Elliott, the structural steel worker, that he was hired to assist in the dynamite plot against the Pennsylvania railroad, is not under arrest in California.

COMMENCEMENT OF GIBSON HIGH.

Graduating Class This Year Composed of Five Girls.

THE PROGRAM LAST NIGHT

Was Held at Carnegie Free Library Hall and Was Listened to by a Large Audience and Friends of Seniors and Patrons of the School.

A large and appreciative audience attended the annual commencement exercises of the Gibson High School of Connellsville, held last evening in the Carnegie Free Library. The class was composed of five young women, all of whom acquitted themselves in a very creditable manner.

The program was composed of members of the school board, friends and patrons of the school from all over the township. Sent on the program were the following: The invocation by Rev. R. C. Wolf, pastor of the Methodist Episcopal church; the reading of the declaration of independence by Miss Hattie Henry, Assistant High School teacher; and Rev. R. C. Wolf, and James Trombley, President of the school board.

Meyersdale Has a Water Problem; Object to Reptiles in The Supply.

At the special meeting of Council last evening L. R. Ploie, a member of the water supply committee, pointed out the danger of reptiles in the water supply. Mr. Ploie is believed to have spoken for Meyersdale, and some of our water supply committee members are up in arms over the finding of lizards and snakes in their water now.

When it comes to a water supply, Meyersdale has most towns in this vicinity to be sure, a puzzle. To adopt the phrase of a certain distinguished American, "Whether this had weight with the water supply committee, who appointed the special committee, can only be surmised."

Small Investors Given a Chance to Subscribe \$50,000,000 Issue.

THE LOCAL BANKS GET NOTICE

First Time in Years General Public Had an Opportunity to Invest in Government Bonds—Denominations Are \$100, \$500 and \$1,000.

The United States Government wants small investors to subscribe at least a portion of the \$50,000,000 Panama Canal Loan. The local banks and trust companies have received copies of the circular inviting bids on the bonds and are requested to place these in the hands of investors who might be interested. The bonds are not available as a basis for circulating notes of national banks but will be receivable like all United States bonds as security for public deposits in national banks.

The bonds will be in denominations of \$100, \$500 and \$1,000. The banks have been supplied with blanks for entering bids. The bonds have interest at the rate of 3 per cent per annum, payable quarterly.

The bids must be submitted to the Secretary of the Treasury at Washington on or before June 17. The bonds will be ready for delivery on or about July 1. On all bids of \$1,000 or more a certified check of 2 per cent of the face value of the bonds desired must be sent. On bids for less than \$1,000 a deposit is required.

It is stated that preference will be given those asking for the smaller amounts of bonds when two or more of the same price are received. The bids must be accompanied by a coupon or registered bonds will be issued. The bonds are for a period of 50 years.

JUDGES IN HITCH OVER DEBATERS.

Attorney Younkin Dissented With Verdict Against Dr. S. D. Woods

ON NON-PARTISAN POLITICS

Men's Federated Bible Classes Held Another Interesting Session Last Evening Although Dr. Woods Almost Missed Connections.

A disagreement of the judges over the debate before the Men's Federated Bible Classes last evening featured the meeting. The judges broke on the question of non-partisan government of city government. J. L. Kutz and E. P. Brown favored the affirmative arguments advanced by Dr. G. W. Calhoun and Dr. R. D. Prosser while Attorney F. E. Younkin dissented with the subject at issue or thought Dr. S. D. Woods and Prof. E. L. P. Calhoun were the best arguments could not be learned today.

The debate narrowly escaped being wiped off the program because of Dr. Woods' tardiness. Dr. Woods was telling Council "they the water works" when he was sent a telephone message to get on his job as a debater. Clerk Bixler received the message and sent it around the crowded Council room until it reached the Socialist. With a sigh Dr. Woods surveyed the Council and then abandoned the water works to look out for itself.

The meeting of the Bible classes was interesting as usual. The subjects were of interest from a civic standpoint and the gatherings are becoming popular because they are the only opportunity for free speech on the municipal affairs where there is sure to be an audience. Rev. B. Frank White delivered an address on "The Attitude of the Christian Toward Civic Problems." There were extemporaneous addresses by J. E. Younkin, Dr. S. G. McCune, W. S. Johnson and J. E. Johnson. The debate before J. Thomas and W. H. Showman conducted the question. Secretary J. E. Younkin acted as timekeeper while during the evening there was music.

Local Men are Back From Capital

A. A. Strub, P. J. Bolger, S. M. Goodman, H. C. Hays and S. S. Clark returned home last evening from Harrisburg, where they started Tuesday afternoon by automobile. They left the big Packard car with Chief Clerk H. M. Kephart of the State Senate and returned by train.

The party had only a brief stay in Harrisburg, not arriving there until late Wednesday morning. They were the guests of Chief Clerk Kephart. One of the features of the trip was a visit to the big 20-acre estate of the late John H. Hays, who made the trip somewhat as deeply as though they had spent a week at the estate.

SCOTSDALE.

Special to The Courier.

SCOTSDALE, May 19.—All farmers and others interested should make it a point to endeavor to be at James H. "Fret" on hand, a mile west of town, tomorrow, 2 & 3 o'clock, of the State Department of Zoology, will be present for the first orchard demonstration of this season here. Prof. Briggs has been here several times in the last couple of years, and there was a huge position and numerous personal letters sent in from Scottdale to Prof. H. A. Surface, of Harrisburg, that his department would keep Prof. Briggs as orchard demonstrator in this territory. It was to have been here a couple of weeks ago, but other circumstances arising prevented this.

Scottdale Graduates.

The list of those who have passed all the examinations successfully and who will be graduated from the Scottdale High School this year is now public. In the competition for a design for the cover of the Commencement program, there were 17 designers entered in the competition, all of whom were given a prize. The judges were absolutely without knowledge of the designs. Mrs. Arthur J. Stone, Miss Daisy Mary Smith, Myrtle of the Free Library, and Miss M. Butty, of the Independent, were the judges, and they unanimously decided upon the design submitted by Miss Francis H. Hart, daughter of Mr. and Mrs. J. A. Burnhart. Miss Lorna Atwood and Miss Ruth Merrill earned honorable mention, with pretty designs. Miss Helen Love, Arthur McIntire, Julius Zerkow, of the Juniors not in the competition, received honorable mention in this class. The Senior class is as follows:

The graduates are: Lorna Atwood, Frances Burnhart, Helen Frear, John Cooper, Edwin G. Hart, Clyde De Witt, Clarence Dick, Elizabeth Fisher, Martha Faith, George Jackson, Earl Gilbert, Clarence Hayes, Anna Thompson, Nellie Kates, Margaret Lewis, Charles Jewell, Ray Martin, Ruth Merrill, William Percy, Elizabeth Reed, Edna Rhodes, Anna Elizabeth Smith, Ruth Wheeler, Edw. Worth, Walter Russell, Edw. Worth, Emma Welch, Agnes Kane, Ruth Kinner, Clifford Gilbert, Walter Lockard.

Commencement will be on May 21 at the Opera House with Dr. William Hamilton, superintendent of the schools of Allegheny county, as the speaker. The class day exercises will be held at the opera house on the afternoon of May 21 and the session to the graduating class will be by Dr. H. H. Munnell, at the Methodist Episcopal church, on Sunday evening, May 28. There will be a number of social events in connection with the commencement season.

The Body Taken Away.
Michael Doyle of Dunbar, who died yesterday from injuries received from a falling into a pit at the mine, was identified by friends who came from Dunbar yesterday afternoon and removed the body to that place. Although the man when found apparently had but 20 cents in his pocket, it was found later on correctly searching the clothing that he had worn that he had nearly \$200 tucked away in the bottom of his vest pocket. While in the case some of the bank showed no business since 1907 it is said that deposits were found at his banking house in Dunbar showing him to have several hundred dollars. He had sold a lot a short time ago in "Chinatown" it is said for \$200, but the amount was shown on duplicate deposit slips not having been put in the bank book which was found on him. He had secured work at the furnace and it is said was yesterday afternoon that he had been taking a look around the place where he had found work and it is supposed that he had taken a short cut through the pit and he had accidentally stumbled into the pit. Doyle is said to have no relatives in this country.

A Fine Shower.
Everyone was gladdened by the coming of a generous rainfall last evening, but the only objection was the rain did not last long enough. The thermometer stood with the 60 mark yesterday, the warmest day of the season.

Miss Senior Honors.
Another college honor comes to Scottdale this week. Miss Oma Hollister, daughter of Mr. and Mrs. Clark B. Senior, having been selected as the second one of the Senior six of Allegheny college. These are chosen on the basis of their class records and merits of orator submitted to the faculty. The Senior six are the honor people of the class, and the selection this year is from a class of 11 men and 24 women, a total of 35, so that Miss Hollister and her companions made a large number from which to judge. She had been a popular girl in the school and a leader in many things, so that the honors are deserved and none from the intellectual test.

Entirely in Control.
The collector of the tax of last Huntington township will be at Miller & Craft tomorrow, his first trip around here.

Rheumatism in Ankles.

One Bottle of Rheuma Cured Woman Who Could Not Walk.

Marvelous as this story may seem it is absolutely true; but this is only one of the many almost marvellous cures that Rheuma is performing these days.

A. A. Clark will sell any reader of The Courier a bottle of Rheuma for 50 cents, and guarantees it to cure any case of any kind of Rheumatism or money back.

Gratifying relief comes in a day, because Rheuma acts at one time on the Kidneys, Stomach, Liver and Blood, and starts to rid the entire system of poisonous Uric Acid at once.

FRIDAY EVENING, MAY 19, 1911.

THE LAW AND THE CONSTITUTION.

We gather from the very numerous, very lengthy and sometimes very eloquent addresses of the Municipal Ownership committee of the Town Council last night that the making of a new water contract would be the crime of 1911, and that the eternal salvation of the People demands that the borough authorities proceed under the Act of 1907 to acquire the waterworks.

The Courier has discussed the Act of 1907 pretty thoroughly. If it is not understood by this time it is not everybody's fault. We do not expect everybody to agree with us all the time; and they don't. We are, therefore, not surprised that the learned members of the committee who discussed the Act of 1907 so exhaustively and luminously arrived at conclusions contrary to our own. The Purchasers seem so thoroughly convinced of the correctness of their views which apparently have the endorsement of the other members of the committee, that we are rather surprised this committee and those whom it represents do not, in order to get action in the matter, unite in guaranteeing to pay the costs of procedure under the Act of 1907 if that procedure is unsuccessful. If the Borough Solicitor advises the Town Council that they cannot, by reason of the borough's financial condition buy the waterworks at this time, the Town Council will not be justified in incurring the expense of futile legal effort.

The position of The Courier on the water question has not changed in twenty years simply because the conditions have not changed in twenty years. We have never been opposed to the acquisition of the waterworks, but we have ever seen the time when the borough was able to buy the plant without running counter to the Constitutional prohibition. The Aquaphobists feel that they have struck popular chords and they have a deep contempt for little things like the Constitution when they get on the bandstand. This is to be expected from the Socialist wing of the committee. The Socialists would abolish the Constitution and much of the law made in pursuance thereof. We have a right, however, to expect more respect for the fundamental law from the other members of the committee.

The only practical question brought forth last night was the importance of preserving the quantity and quality of our water supply. We heartily agree with the speakers who urged this matter upon the Town Council. Whether the waterworks is owned by the borough or not, it is important to the people that the volume of our water supply be preserved in its purity.

The announcement that there would be no waterworks contract made by the present Town Council indicates that the members are impressed with the theory that the town can, under the Act of 1907, buy the water plant and pay for it in its own bonds, which bonds will not be considered as a borough debt within the meaning of the Constitution. This view is an absurd one that we are surprised it should be entertained by intelligent men. The Act of 1907 nowhere says that this may be done. It merely says that bonds may be issued to pay for the waterworks property alone, but it gives no authority to any borough to increase its indebtedness beyond seven per centum of its assessed valuation. A waterworks bond issued by the borough is just as much a borough debt as any other borough bond. The difference in the security does not make any difference in the debt. A debt is a debt, no matter how secured.

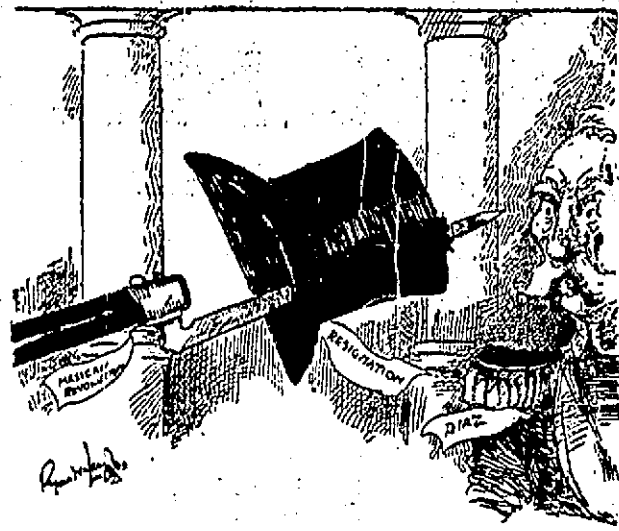

We are firmly of the opinion that the Town Council would have consulted the best interests of the town and the people if it had negotiated a new and more favorable contract with the water company several years ago, as it undoubtedly could have done. We are equally well convinced that the borough is financially unable at this time to purchase the waterworks under the Act of 1907 or any other law now in existence. Holding these views, and believing them to be correct, we feel that we would be false to our duty if we did not present them to the sound judgment of sensible citizens.

An Upper-Conneltsville coke company has been sued by the chief of Westmoreland county for deputy services amounting to \$4,000. Justice comes high in Westmoreland county. In some counties where the authority of the law is not established it has been common for people to pay tribute for protection, but there is something radically wrong with the system of public government which permits a representative official to be charged with the duty of protecting every citizen in his person and property to charge the individual with a want of common sense for such service. What do coal companies pay taxes for?

Humper Crops makes more property than the tariff.

The School Code got through, but the Public Utilities Bill is having a rough time. The Senators think regulation should not be too strenuous or too sudden.

Without meaning to reflect upon the ability of the Purchasers who ex-

HERE'S YOUR HAT, WHAT'S YOUR HURRY?
The Revolutionists insist there will be no peace until Diaz resigns. Now it is.

banded the Act of 1907 last night, we would respectfully suggest that before entering proceedings under the law the Borough Solicitors ought to be consulted.

The Courier came in for a share of the oratory last night. The Courier is known to have opinions and to be concerned in expressing them, even if they are not always polite and popular. We would rather be right than President, and besides that we are not running for anything.

The Western Maryland and Lake Erie operations on the West Side are making many moves and seriously disturbing the course of political events.

The community is all "hot up" but not wholly over the water question. It begins to look as if J. Pluvius was only fooling.

Legislative invention at Harrisburg has been sprouted.

Typhoid is coming rather soon. The unwelcome guest is always an early arrival.

The Charity Committee of the Chamber of Commerce seems to have some summer work before it.

Perhaps the gas company had better build a new line on Apple street.

The presumption of innocence is sometimes the defeat of justice.

Carbon monoxide is almost as persistent as it is insidious.

COUNCIL HEARS WATER COMMITTEE.

Members Tell Mass Meeting
Representatives No Con-
tract Will Be Made

WITH CONNELLSVILLE WATER CO.

Number of Speeches Made Covering
Ground That Has Been Gone Over
Many Times Before and Result of
Meeting Is Resolution to Ask Solicitor
for Information.

Town Council will make no contract with the Conneltsville Water Company. Positive statements to that effect were made by President James B. Millard and Chairman Frank Friel of the Water Committee at last night's special meeting of Council for the purpose of hearing the special committee appointed at the mass meeting held last week. The announcement was received with a round of applause from the assembled spectators and there was no Councilman there who called upon President Millard to preserve order and decorum.

It was really a splendid gathering which swelled nearly two hours in the stuffy Council chamber. Eighteen of the 21 members of Town Council were on hand, the five members of the mass meeting's committee, Robert Norris, P. S. Newmyer, Dr. G. W. Gallagher, L. R. Frio and Dr. S. D. Woods made their presence known through the medium of more or less lengthy and interesting speeches, while the rear of the room was comfortably filled with spectators. Nothing new or of particular interest was gleaned from the speeches of the committee as they covered ground that had been worked pretty thoroughly on former occasions. At one time there was serious doubt whether the water question or the Court was up for debate, and at another personalities were prominent. Fortunately for the peace of mind of all concerned the remarks were tempered with good feeling.

If any one member of the special committee rather than another deserves special mention, the palm must be handed to Dr. G. W. Gallagher, President of the School Board and one of the active workers of the Federated Bible Classes. The report had gone forth that Dr. Gallagher was in for a heckling in event his oratorical efforts were along a line of showing Council the state of affairs and making it plain to the citizens that the water works movement the town was standing back of the Council in its fight against the water company. Mr. Gallagher explained that in this water works movement the town was standing back of the Council in its fight against the water company. Mr. Gallagher explained that in this water works movement the town was standing back of the Council in its fight against the water company.

After Clerk Bixler had solemnly called the roll, President Millard explained the object of the meeting. He stated it was for Council to meet with a special committee of the Chamber of Commerce, but Chairman Robert Norris mildly corrected this by stating the committee represented the recent "mass" meeting in the Soloson theatre and not the Chamber of Commerce. The addresses consumed considerable time, but not so much as the remarks which followed. Some were pertinent to the subject, others impertinent. President Millard called attention to the fact that President Norris Kilpatrick of the Chamber of Commerce had warmly commended the proposed contract at the Council had submitted to the water company and declared that if that contract could be secured Council would have achieved a great thing for Conneltsville. Chairman Friel confirmed this. Mr. Kilpatrick was not present and Attorney P. S. Newmyer sprang to his defense. The real defense, however, was

was troubled with indigestion for
many years and dreaded eating, be-
cause I would get such an intense
pain in my stomach. I tried many
different doctors, but could only get
relief for a while. My brother told
me of what Duffy's Pure Malt Whiskey
had done, so I tried it. It was just
what I needed. I have been taking it
for about a year and now I can eat

Duffy's Pure Malt Whiskey is a
medicine for all mankind. It corrects
the defective digestion of the food,
increases the appetite, strengthens
the heart, gives force to the circula-
tion, cures all throat troubles and
coughs, and brings restlessness to
the brain and nervous forces. It
has to its credit fifty years of well-
doing. This is truly a recommendation
in itself. It will help you—keep
you strong and vigorous. The

made by Secretary J. Fred Kurtz of
the Chamber of Commerce. Secre-
tary Kurtz explained that at that time
Mr. Kilpatrick and the other mem-
bers of the Chamber of Commerce
were not aware that the Act of 1907
with its supplement of 1909 was in ef-
fect. Mr. Kurtz further stated
that, in event it is shown the borough
is not in a position to purchase the
water works, he was perfectly will-
ing to back up his original assertion
that the borough's proposed contract
was a good one, and believed Mr. Kil-
patrick would agree with him.

Dr. Gallagher was the first speaker
following the brief introduction made
by Chairman Norris. Dr. Gallagher
talked at length along the lines that
the citizens are back of Council in its
efforts to do the best thing for Con-
neltsville. He admonished Council
in any way to do deeper into the
source of supply for Conneltsville's
water system, warning them against
permitting conditions that would en-
gender an epidemic of typhoid fever.
He called attention to the two rad-
icals that now parallel the Yough on
either side, the development of the
coal fields along the river east of here
and possibility of manufacturing com-
munities springing up to contaminate
the supply.

Dr. Gallagher offered as a sugges-
tion on his own account and not as
coming from a member of the commit-
tee, that Council might name a com-
mittee of three members, the citizens
of the town select three, and the
Chamber of Commerce three, the nine
to go into the matter in detail.

Dr. S. D. Woods, the Socialist mem-
ber of the committee, read a paper,
devoting most of it to a discussion of
the Act of 1907 and the Catusauqua de-
cision.

Attorney P. S. Newmyer delivered
the most lengthy address and confined
himself largely to the legal phase of
the situation. Mr. Newmyer took oc-
casion to disagree with The Courier
regarding the constitutionality of the
Act of 1907 and urged that the matter
be tested in court. He warned the
Council against a pitfall existing by
confering with the water company re-
garding the purchase of the plant, de-
claring that the only way the matter
could possibly be carried through
would be by following out to the let-
ter the provisions of the Act of 1907.

In discussing The Courier's stand,
Mr. Newmyer referred to the editor
as a man who "always writes his own
editorials."

E. R. Frio consumed most of his
time reading the names of the 479
who signed the petitions asking Coun-
cil not to grant a new contract but to
proceed immediately to purchase the
water works under the Act of 1907.
Mr. Frio dwelt at length upon the
disposition of one party to belittle
the work that is being done on the
"water question." Mr. Frio objected
because The Courier, after an actual
count of those present while the mass
meeting was in full swing, said less
than 200 attended, a statement that
was absolutely correct. He also took
exception to efforts he claimed had
been made to connect the Socialist
party with the movement, "although
I have not one word to say against
the Socialists," he explained.

Chairman Norris then thanked
Council for its attention.
Councilman C. M. Sloner raised the
question whether towns that own
their water works do not charge 50
cents per thousand gallons against 25
cents paid in Conneltsville. Secre-
tary Kurtz made reply that it wasn't
a question of cost but a question of
whether the profits should go to a cor-
poration or to the municipality.

Chairman Friel was impatient

because Secretary Kurtz could not
patch his question whether the Cham-
ber of Commerce had any data on
rates being charged elsewhere. Kurtz
explained the Chamber of Commerce
wasn't interested particularly in
charges, but principally whether the
principal ownership was desirable. John
Duggan chimed in with the statement
that the comparative rates were pitiful
three years ago.
Chairman Friel then made a state-
ment that the present Council has no
idea of making a contract and that it
wasn't going to make a contract. Ap-
plause greeted this statement.
President James B. Millard said
"There is not a man in Council that

wishes to make a contract other than
for the benefit of the borough and the
taxpayers. We have been accused of
robbery and other things by the So-
cialists and I think it is a great insult.
I said when the committee was
talked of I wouldn't listen to it. If
there was a Socialist on it, but I went
back on my word. This Council is
working for the people."
Councilman C. M. Sloner broke in
to state that none other than the So-
cialists were guilty of defaming the
Councilmanic body.
At this point M. C. Campbell broke
loose. He was against trying to buy
the water works and everything else
he couldn't see where the money was

coming from to pay the three engi-
neers the court would name to ap-
praise the water plant and decided
the taxpayers were paying enough
anyhow.
At a remark that Council should not
pay attention to pamphlets that might
be circulated by the Socialists, a
theory advanced by Councilman Lep-
ley, P. Bufano exclaimed "That's sen-
sible."
At this point Councilmen Brennan
and Friel and John Duggan debated
for a minute or two over the question
why Duggan, when Chairman of the
Water Committee, didn't do some-
thing Duggan pleaded both sickness
and the failure of Attorneys Higbee
and Reppert to carry out instructions
to proceed along legal lines.
R. O. Thomas, a visitor, suggested

that in any event attention be paid
to the water supply. On motion of
Councilman Clark, seconded by Coun-
cilman Lepley, the Water Committee
was instructed to consult with the
borough solicitors regarding proceed-
ure to purchase and report as soon as
possible. The meeting then adjourned.

F. JONES TWIRLS GREAT GAME.

Holds Down Adelaide 9 Innings Without a Hit or a Run.

ONLY FOUR MEN REACH FIRST

They Got There on Passes and Progress Around the Paths Was Effectually Blocked by Clever Lelsening Players Yesterday.

Frank Jones, High School's coach and last year's star backstop for the champion Lelsening Frick league team, added another laurel wreath to his rapidly growing collection yesterday afternoon when he pitched against Adelaide at Lelsening and held the visitors hitless and runless for nine long innings. Coupled with the fact there was not a single error behind him, the feat was remarkable and certainly sets a new record for coke region baseball, which isn't bad baseball, either.

The final score was 17 to 0. Jones passed four men, but three of these died on the paths and only one was left on the cushions during the game. Jones struck out 12 men, although this was not a record. The day previous Flerty fanned 11 in seven innings. The Adelaide boys were meeting the ball but it would not go safe. On the other hand, Ramsey and Riddle were easy for the Lelsening sluggers. The batting of Flerty was a feature. He had a triple, a double and two singles in five trips to the pan. Westenberg, O'Laughlin and Morgan got three hits each. The score:

MEYERSDALE.

MEYERSDALE, May 18.—Mr. and Mrs. A. L. Martin of Kauter, Pa. are in town calling on friends and relatives and attending the Somerset County Sabbath School Association.

The remains of Mrs. Mary McFerson, who died yesterday at the home of her sister, Mrs. John J. Stotter of Salisbury street, South Side, were taken to Cumberland, Md., on train No. 8 today for interment in Rose Hill cemetery. Services were held at the late residence of the deceased by Rev. A. A. Neel, pastor of the Methodist Episcopal church.

Rev. J. A. Young, pastor of the Zion Evangelical Lutheran church, returned last evening from Cumberland, Md., where he had been attending the conference of the Somerset County jurisdiction, which includes several of the neighboring churches in Maryland.

W. A. Miller, a well known H. & C. engineer who resides on Broadway street, went to Pittsburgh on train No. 11 this morning to have his eyes tested for glasses.

Geo. W. Penrod, a B. & O. passenger conductor who runs out of Pittsburgh, spent last evening with his family on North street, returning to take charge of his run this morning on Duquesne limited.

Misses Nellie and Annie Thomas are visitors to Frostburg, Md., yesterday.

Mrs. Charles Gardner of Johnstown, is at present visiting relatives and friends here.

Snowy White Frocks
For Girls and Young Women
One Lot at \$3.50 Instead of \$5.00

Old stock? No indeed! In fact they are out of the packing scarcely three days; but our buyer accepted an opportunity to take the surplus—but not many—from a well known jobber, so here they are at a savings of \$1.50. Every garment fresh and white. Fine, white lawn profusely trimmed in laces and with pretty yokes of medallions.

This year a noticeable feature of many of the white dresses is their charming simplicity. They seem purposely designed to keep the wearer young looking and chic, and there is a charm about each frock that printers' ink cannot quite convey.

The various models are priced at \$5, \$7.50, \$8.50, \$10 to \$25.

Linen Coats
\$6.50 to \$20

The woman who gives that to her wardrobe would never dream of wearing one of her pretty, light color frocks on the street without a suitable wrap to protect it. One of those on its side much to the charm of appearance as well as life to her wardrobe.

Decoration Day Suit

Of Fine Blue Serge, All Wool Serge, or Any Shade of Grey or Tan, Brown and Mixtures **\$17.50**

Being well dressed is not a matter of paying high prices for clothes. Many men, who pay extortionate prices to custom tailors, fail to get clothes with the clean cut, dressy look that are worn by other men who buy their clothes here for half. Measured against the prices of other stores selling ready-made clothes we will dress you perfectly with our special \$17.50 at a \$5 saving.

Hot Weather Coats for Men
Alpaca, Serge, Sicilian, \$3.50 and \$5

Blue serge \$5. Sicilian and Alpaca in black \$3.50 and \$5. All contain full quota of pockets, are well put-together, fast color, cool and comfortable.
